

# ImprovAbility Consultant certificate

## *Supplementary education*

---

This is to certify that  
has proved capability to bring value to his clients by applying the  
*ImprovAbility*<sup>TM</sup> concepts.

---

The *ImprovAbility*<sup>TM</sup> consultant training course provides the students with:

- An understanding of the *ImprovAbility*<sup>TM</sup> model, the creation and the use and applicability of the model
- Introduction to all *ImprovAbility*<sup>TM</sup> related services and their applicability
- Introduction to a light assessment process including Project Type Definition and a walk through of all parameters
- Introduction to ISO33014
- Competence to act as co-assessor in Proof of Projects together with a certified *ImprovAbility*<sup>TM</sup> Assessor

Following the course, the student has used the *ImprovAbility*<sup>TM</sup> concepts in professional context and the client has expressed satisfaction with the value delivered. The case has been presented to DELTA to conclude this certification process.

This course is an element in the individual training path for *ImprovAbility*<sup>TM</sup> Professionals, and is a prerequisite for the following courses.
